Your year-end, off your desk

Year-end functions collapse onto the same people every year: HR, EXCO PAs and marketing. Ten vendors, ten invoices, ten risks. We take the whole thing — one brief, one team, one invoice, one fixed quote.

Saves your team weeks

One brief replaces sourcing calls to venues, caterers, AV, decor, photographers and security.

All vendor logistics handled

We contract, brief, schedule and supervise every supplier on site, from load-in to strike.

Stays on budget

A fixed, itemised quote up front. No surprise line items on the invoice after the night.

Run to the minute

Professional MC and program direction keep awards, speeches and service on schedule.

Documented and reported

Scribing, photography and a post-event pack you can circulate internally.

Credible and compliant

Proud incubate of the Clover Alloys (Rustenburg Mine) ESD Programme; B-BBEE friendly procurement.
